Introduction ...

An Introduction to Fresh Breath & Oral Wellness..

Divine Fresh Breath is a premium herbal breath, mouth, stomach, and digestive freshness formula designed to support long-lasting internal and oral cleansing. It targets common sources of bad breath, including mouth bacteria, sluggish digestion, mucus buildup, and internal toxin load. This formula draws from traditional African herbal cleansing wisdom and modern botanical antimicrobial support.

Divine Fresh Breath was designed to support disciplined daily wellness — refined for the modern adult.

Root Causes / Why It Matters

01

*Oral bacteria buildup
that produces unwanted
odor.*

02

*Poor gut and
digestive balance
affecting breath.*

03

*Inadequate hydration
causing dry mouth.*

04

*A diet high in odor-
causing or processed
foods.*

05

*Reduced oral and
digestive cleansing.*

06

*Lifestyle factors
affecting oral and gut
wellness.*

LONG-TERM EFFECTS

» WHEN BAD BREATH IS IGNORED «

PERSISTENT BAD BREATH

Odor-causing bacteria continue to thrive, keeping bad breath coming back.

REDUCED CONFIDENCE

Ongoing bad breath can lead to self-consciousness and social withdrawal.

ORAL & GUT IMBALANCE

Harmful bacteria disrupt oral and gut balance, affecting digestion and overall health.

LOWER OVERALL FRESHNESS

Poor oral and digestive health lead to less vitality, energy, and daily freshness.

McFuntain Nutraceuticals

LONG-TERM EFFECTS

01

Persistent bad breath.

02

Reduced confidence in social and work settings.

03

Oral and gut imbalance.

04

Lower overall freshness.

How Divine Fresh Breath works

- ✓ - Supports fresh breath from the mouth and stomach
- ✓ - Helps cleanse oral bacteria and tongue coating
- ✓ - Supports gum and mouth wellness
- ✓ - Promotes digestive freshness and gut balance
- ✓ - Helps reduce mucus-related breath odor
- ✓ - Supports liver and internal detox pathways

Ingredients & Their Functions

Syzygium aromaticum (clove)

Traditionally valued for oral freshness and natural antimicrobial support.

Mentha piperita (peppermint)

Traditionally valued for fresh breath and digestive comfort.

Azadirachta indica (neem)

Traditionally incorporated into oral-care practices for gum wellness and natural purification.

Citrus limon peel (lemon peel)

Rich in antioxidants and
traditionally valued for freshness
and digestive support.

Zingiber officinale

Traditionally used to support
digestion and a fresh, settled
stomach.

4 capsules.**

Dosage & Monthly Program

DIRECTIONS FOR USE

DIRECTIONS FOR USE

Premium monthly program • consistent daily use recommended.

MORNING

1

2 Capsules

with water • after meal

EVENING

2

2 Capsules

with water • after meal

DAILY ROUTINE GUIDANCE

- ◆ Maintain proper hydration throughout the day.
- ◆ Pair with movement routines, stretching, and balanced nutrition.
- ◆ Drink enough water daily.

Expected Timeline: Gradual improvements within 2–4 weeks; more noticeable benefits after 6–12 weeks.

PERFORMANCE GUIDE

Healing & Restoration Progression

WEEKS 1–2

Many users notice an early lift in oral freshness — a lighter, cleaner feeling after meals, less morning aftertaste, and gentle digestive comfort from the peppermint and ginger.

WEEKS 3–4

Freshness becomes more consistent throughout the day. Gums often feel calmer and cleaner, and the digestive component helps settle the stomach-related causes of unfresh breath.

WEEKS 5–8

Steadier breath confidence — freshness holds longer between brushings, the need for mints or gum drops eases, and clove and neem support ongoing gum and oral-tissue wellness.

WEEKS 9–12 +

A long-term oral-wellness rhythm — sustained daily freshness, balanced oral microflora, healthier-feeling gums, and digestive comfort that supports fresh breath from the inside out.

EXPECTED TIMELINE · Results vary depending on lifestyle, nutrition, hydration, and consistency.

Helpful Habits

HELPFUL HABITS FOR
**FRESH
BREATH**

Hydrate consistently each day

Sleep seven to eight hours on a consistent schedule

Eat balanced nutrient-dense meals

Move daily to support circulation

Practise daily stress management

Get moderate sun exposure for vitamin D

Build restorative downtime into each week

McFuntain Nutraceuticals

1

A consistent daily routine quietly amplifies every capsule.

McFuntain Nutraceuticals

HELPFUL FOODS FOR FRESH BREATH

	Parsley	Natural chlorophyll helps neutralize odors and refresh your breath.
	Mint	Contains menthol, which has natural antibacterial and cooling properties.
	Green tea	Polyphenols help reduce odor-causing bacteria and promote oral health.
	Crunchy raw vegetables	Stimulate saliva production and help clean teeth naturally.
	Water-rich fruits	Hydrate and help wash away food particles that cause bad breath.
	Plain yogurt	Supports a healthy gut and helps reduce odor-causing bacteria.

Safety & Professional Guidance

✓ People with active stomach ulcers, severe acid reflux, pregnancy, or those using blood thinners should consult a healthcare professional before use, especially because clove, ginger, and citrus peel can be stimulating

✓ Do not use strong essential oils directly in the mouth without proper dilution.

✓ Avoid during pregnancy unless supervised.

✓ Take with enough water.

✓ Discontinue use if unusual reactions occur.

✓ Keep out of reach of children.

✓ Recommended shelf life: approximately 24 months when properly stored.

This product is not intended to diagnose, treat, cure, or prevent any disease. Statements have not been evaluated by the FDA.
