Introduction...

An Introduction to GERD & Respiratory Wellness.

Divine GERD Respiratory System is a premium gastrointestinal and respiratory wellness formula that combines soothing mucilage-rich herbs and respiratory-supportive botanicals to support healthy acid balance, throat comfort, digestive calmness, airway wellness, and breathing comfort associated with reflux-related irritation.

Divine GERD Respiratory System was designed to support disciplined daily wellness — refined for the modern adult.

Root Causes / Why It Matters

01

Chronic reflux of stomach acid into the esophagus, throat, and airways.

02

Late-night eating and large portions that overload the stomach before bed.

03

Poor digestion from rushed meals and inadequate digestive enzymes.

04

Stress and anxiety that disrupt healthy stomach-acid balance.

05

Diet-driven irritation from excess spicy, acidic, fatty, or processed foods.

06

Weakened stomach-lining and lower-esophageal-sphincter wellness over time.

Long-Term Effects

✓ Persistent heartburn, throat irritation, and chest discomfort after meals.

✓ Nighttime cough, hoarseness, and disturbed sleep from reflux.

✓ Reduced digestive comfort and post-meal vitality.

✓ Long-term irritation of the esophagus, throat, and respiratory tissues.

McFuntain Nutraceuticals

LONG-TERM EFFECTS

01

Persistent heartburn, throat irritation, and chest discomfort after meals.

02

Nighttime cough, hoarseness, and disturbed sleep from reflux.

03

- ✓ Helps reduce post-meal discomfort.

**How Divine GERD
Respiratory System
works**

Ingredients & Their Functions

Glycyrrhiza glabra (licorice root)

Traditionally valued for
soothing the stomach lining,
throat, and respiratory
passages.

Bryophyllum pinnatum

Traditionally used in African
herbal practices for digestive and
respiratory comfort.

Abelmoschus esculentus (okra)

Mucilage-rich botanical
traditionally valued for
stomach-lining and
digestive comfort.

04

Mentha piperita (peppermint)

Traditionally valued for digestive ease and soothing airway comfort.

05

Zingiber officinale (ginger)

Traditionally used to support digestion, reduce post-meal discomfort, and calm the stomach.

06

Corchorus olitorius (jute leaves)

Nutrient-rich green traditionally valued for digestive and overall wellness support.

4 capsules.**

Dosage & Monthly Program

DIRECTIONS FOR USE

DIRECTIONS FOR USE

Premium monthly program • consistent daily use recommended.

MORNING

1

2 Capsules

with water • after meal

EVENING

2

2 Capsules

with water • after meal

DAILY ROUTINE GUIDANCE

- ◆ Maintain proper hydration throughout the day.
- ◆ Reduce excessive spicy and acidic foods.
- ◆ Elevate the head of the bed slightly if reflux occurs at night.
- ◆ Avoid heavy late-night meals.

Expected Timeline: Gradual improvements within 2–4 weeks; more noticeable benefits after 6–12 weeks.

PERFORMANCE GUIDE

Healing & Restoration Progression

WEEKS 1–2

Many users notice digestive calmness improving — less throat irritation, smoother post-meal comfort, and a quieter stomach after eating.

WEEKS 3–4

Acid balance steadies, nighttime breathing feels calmer, and post-meal chest heaviness eases noticeably.

WEEKS 5–8

Digestive and respiratory comfort compound — calmer reflux response, better airway comfort at night, and steadier throat wellness.

WEEKS 9–12 +

A long-term digestive-respiratory rhythm — sustained acid balance, comfortable breathing, and resilient gastrointestinal wellness.

EXPECTED TIMELINE · Results vary depending on lifestyle, nutrition, hydration, and consistency.

Helpful Habits

1

Stay consistently hydrated to support healthy mucus balance.

2

Practise deep-breathing and posture work to expand lung capacity.

3

Avoid smoking and reduce exposure to airborne irritants when possible.

4

Keep indoor air clean (good ventilation, plants, a humidifier when dry).

5

Maintain steady cardio activity to strengthen the lungs and circulation

6

Aim for seven to eight hours of restorative sleep.

7

Eat antioxidant- and vitamin-C-rich meals daily.

Helpful Foods

- 1 Okra and other mucilage-rich vegetables.
- 2 Oatmeal and whole grains.
- 3 Bananas and melons.
- 4 Leafy greens.
- 5 Ginger tea.
- 6 Non-citrus, low-acid fruits.

A consistent daily routine quietly amplifies every capsule.

Safety & Professional Guidance

- ✓ Consult a qualified healthcare professional if symptoms persist or if under medical treatment.
- ✓ Pregnant or nursing individuals should seek medical advice before use.
- ✓ Discontinue use if unusual reactions occur.
- ✓ Avoid overeating before bedtime.
- ✓ Discontinue use if unusual reactions occur.
- ✓ Keep out of reach of children.
- ✓ Recommended shelf life: approximately 24 months when properly stored.
