Introduction ...

An Introduction to Kidney Wellness.

Divine Kidney Restore is a premium herbal kidney and urinary wellness supplement designed to support healthy filtration, fluid balance, urinary cleansing, and natural detoxification. It combines traditional African herbal wisdom with modern botanical detox support to help the body remove excess waste and maintain internal balance. This formula is ideal for adults seeking kidney support, bladder cleansing, and overall body purification.

Divine Kidney Restore was designed to support disciplined daily wellness — refined for the modern adult.

Root Causes / Why It Matters

01

Inadequate daily hydration limiting natural kidney filtration.

02

Cumulative toxin and processed-food load on the kidneys.

03

Excess salt, sugar, and protein straining filtration.

04

Reduced micro-circulation through the kidneys.

05

Chronic stress and poor diet weakening elimination pathways.

06

Age-related decline in kidney filtration capacity.

Long-Term Effects

When kidney function is overburdened over time, the whole body feels the impact.

Sluggish Elimination

Waste builds up in the body, leading to bloating, heaviness, and discomfort.

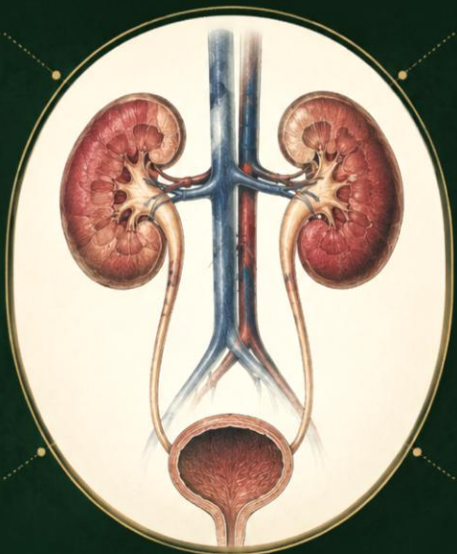

Lower Energy

Toxins in the body can contribute to fatigue, brain fog, and reduced stamina.

Strain on Filtration Organs

Over time, constant pressure can impair kidney function and overall vitality.

Reduced Detox Capacity

The body's natural ability to cleanse and restore becomes weaker.

Supporting kidney wellness today helps protect your energy, vitality, and long-term well-being.

McFuntain Nutraceuticals

01

Sluggish elimination and fluid balance.

02

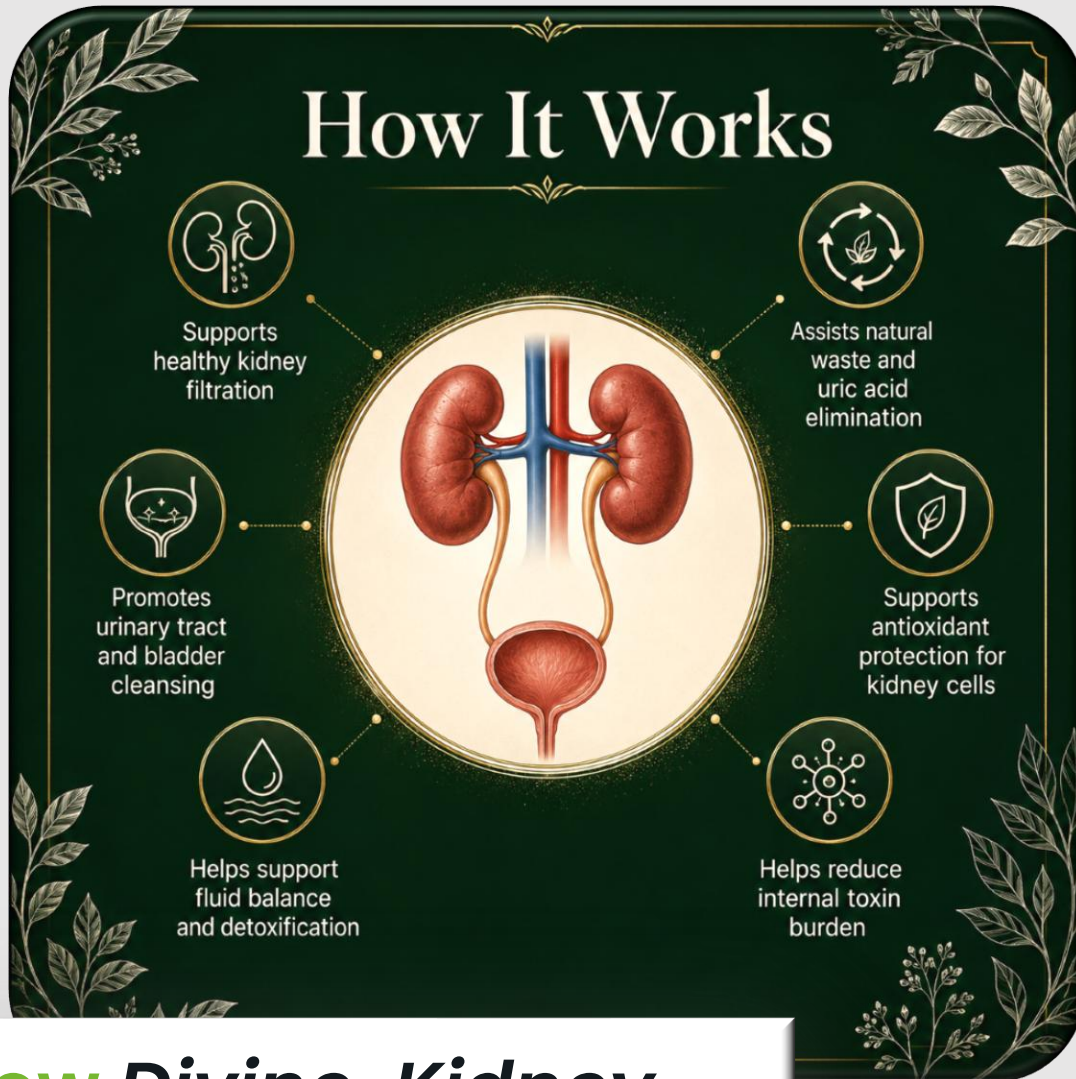

Lower energy and mental clarity.

03

Strain on the filtration organs.

04

Reduced natural detox capacity.

**How Divine Kidney
Restore works**

- ✓ - Supports healthy kidney filtration
- ✓ - Promotes urinary tract and bladder cleansing
- ✓ - Helps support fluid balance and detoxification
- ✓ - Assists natural waste and uric acid elimination
- ✓ - Supports antioxidant protection for kidney cells

- ◆ Drink enough water daily.
- ◆ Combine with walking, stretching, and balanced nutrition.

Expected Timeline: Gradual improvements within 2–4 weeks; more noticeable benefits after 6–12 weeks.

PERFORMANCE GUIDE

Healing & Restoration Progression

WEEKS 1–2

Many users notice early signs of cleansing support clearer urine, less puffiness, and steadier morning energy as fluid balance improves.

WEEKS 3–4

Hydration feels more efficient, urinary comfort improves, and the body feels lighter after meals.

WEEKS 5–8

Kidney and detoxification support compound clearer skin, steadier energy, and stronger natural cleansing through diet and hydration.

WEEKS 9–12 +

A long-term kidney-wellness rhythm sustained urinary comfort, balanced fluid levels, and resilient detoxification and vitality.

EXPECTED TIMELINE · Results vary depending on lifestyle, nutrition, hydration, and consistency.

Helpful Habits

1

Drink generous amounts of water throughout the day.

2

Build meals around whole foods rather than processed snacks.

3

Include mineral-rich, plant-forward meals.

4

Prioritise restorative sleep.

5

Move daily to support lymphatic flow.

6

Reduce processed foods, alcohol, and added sugars.

7

Be mindful of caffeine and stimulant intake.

Helpful Foods

- 1 Citrus.
- 2 Cranberries.
- 3 Leafy greens.
- 4 Water-rich vegetables.
- 5 Garlic.

Helpful Foods

FOR KIDNEY WELLNESS

The infographic features a central image of various healthy foods: beets, leafy greens, cranberries, citrus fruits, water-rich vegetables, and garlic. Below this image, six food categories are listed with icons and descriptions of their benefits for kidney health.

- Beets**
Rich in natural nitrates and betalains that help support healthy blood flow and kidney function.
- Citrus Fruits**
High in vitamin C and antioxidants that help protect cells and support overall kidney health.
- Cranberries**
Contain compounds that help support urinary tract health and reduce the risk of unwanted bacteria.
- Leafy Greens**
Packed with vitamins, minerals, and antioxidants that help reduce inflammation and support kidney function.
- Water-Rich Vegetables**
Cucumber, zucchini, and celery help support hydration and natural detoxification.
- Garlic**
Contains natural compounds that support healthy circulation and kidney function.

A balanced diet, hydration, and a healthy lifestyle are key to long-term kidney wellness.

Safety & Professional Guidance

- ✓ Individuals with kidney disease, dialysis treatment, severe swelling, or those using blood pressure, diabetes, or diuretic medication should consult a healthcare professional before use
- ✓ Individuals managing eye-related conditions or taking prescription medications should seek professional guidance.
- ✓ Avoid during pregnancy unless supervised.
- ✓ Take with enough water.
- ✓ Discontinue use if unusual reactions occur.
- ✓ Keep out of reach of children.
- ✓ Recommended shelf life: approximately 24 months when properly stored.

This product is not intended to diagnose, treat, cure, or prevent any disease. Statements have not been evaluated by the FDA.
